**Enhancing Nova Scotia  
Doctors' Billing Efficiency:  
A 2025 Perspective**

In the evolving landscape of Nova Scotia's healthcare system, streamlining the billing process for physicians has become increasingly critical. With doctors spending over 1.36 million hours annually on administrative tasks, the need for enhanced billing efficiency is more pressing than ever. Recent legislative changes and the implementation of the Longitudinal Family Medicine (LFM) payment model have created new opportunities—and challenges—in medical billing practices.
